

A man and a woman are sleeping peacefully on a light-colored air mattress. The man is on the right, wearing a dark blue long-sleeved shirt, with his arms behind his head. The woman is on the left, wearing a light grey long-sleeved top, with her hand resting on her chest. They are both covered by a white duvet. The bed has two light grey pillows. To the right of the bed is a white bedside table with three small potted succulents. The background is a light-colored wall with dark horizontal stripes. The overall scene is cozy and comfortable.

Bestway

ANNIVERSARY
1994 — 2024

Three decades ago, Bestway created its very first product: a beach ball!

Since then, Bestway has produced over **1,100 products** in more than **120 countries** worldwide. In fact, 1 in 50 people around the world owns a Bestway product.

From our commitment to **innovation** and assuring the highest **quality** possible, to our vertically integrated manufacturing systems and **sustainability** efforts, every product Bestway creates centers on one goal: to help our customers get the most out of life by enjoying more adventure and making more memories.

Here's to the first 30 years, and to many, many more as we help people "**Live It Up!**"

OUR VISION & MISSION

Our Vision has remained the same since we created our very first product – a simple beach ball – in 1994: to create high-quality, innovative, recreational products that bring fun, relaxation and adventure to people's lives. Behind that vision is our mission to create memorable experiences for families who want to splash into summer, relax in winter and make the most of every moment year-round.

Now over 30 years later, **Bestway** has forged a global presence in more than 120 countries by developing over 1,100 products and becoming forward-thinkers about sustainable business practices.

SERVICE

Bestway is committed to customer satisfaction and providing you with the best product solutions. Our advanced online services and customer service team allow customers to easily resolve issues that arise with their products, offer downloadable manuals and instructional videos, answers to their frequently asked questions and call support.

WHAT'S NEW AT BESTWAY

In 2020, Bestway opened our doors to a **new, clean, state-of-the-art manufacturing facility in Vietnam** in an effort to diversify our production capabilities globally. With rapid plans for expansion, this new facility offers additional tariff-saving opportunities and flexibility in Bestway's global manufacturing efforts.

Our Vietnam facility currently manufactures air mattresses, air pumps, pool filter pumps, inflatable pools, pool covers and trampolines. These products go through extensive PVC, lab and lifecycle testing to ensure high-quality and longevity.

B THE CHANGE MISSION

Our Commitment to a Better Future

As a leader in innovations, Bestway is striving to **B the Change** in the industry. We manufacture our products in 1,383,000 square feet of factory buildings, each covered in solar panels to equal about 40 soccer fields. As an annual recipient of the "Top Performing Supplier on Climate Action" award, we continue to drive sustainable practices forward through three main categories: **renewable resources, waste and packaging.**

TECHNOLOGY & STRUCTURE

Bestway has invested time and money into its R&D department with the goal of providing the most comfortable and durable air mattresses. Our innovations have led to new technologies, new materials and better information for our customers.

TRITECH®

Bestway's ultra sturdy Trittech® is a 3-ply reinforced material. With a polyester mesh core encased in two layers of laminated PVC, this material offers superior strength and durability. With Trittech, air mattresses keep their shape no matter how many times they're inflated or deflated. Plus, air mattresses are stress-tested against the typical weight, strain and movement of a good night's sleep to guarantee longevity.

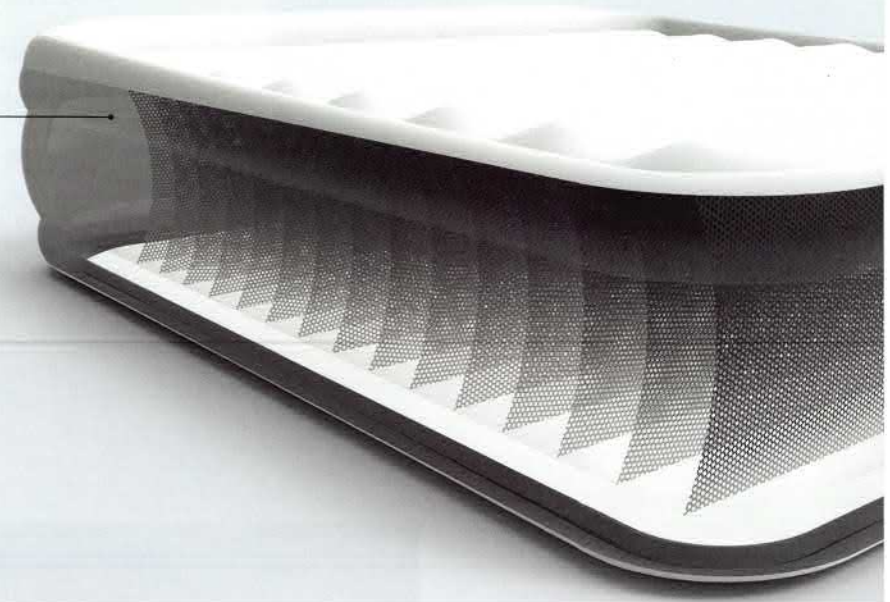

HIGH GAUGE VINYL

ensures maximum performance by sealing in air and preventing pressure loss overnight.

POLYESTER MESH

increases stretch-resistance, ensures the bed keeps its shape over time, and decreases bed sagging.

STRONG MATERIAL

PUNCTURE RESISTANT

Tough Guard / Fortech material is 75% more puncture resistant and 150 times more resistant to scratches.

STRONGER IGNITION RESISTANCE

Tough Guard / Fortech material is 20% more flame-retardant.

STRETCH RESISTANT

Tough Guard / Fortech material is more resistant to stretching, which is typically caused by repeated inflation and use by customers.

COMFORTABLE & CONVENIENT

LIGHTWEIGHT MATERIAL

Tough Guard / Fortech beds are up to 15% lighter in weight compared to PVC beds of the same size.

SOFT MATERIAL

The Tough Guard / Fortech material provides a soft and comfortable sleeping surface comparable to that of flocked PVC.

TEMPERATURE REGULATION

Tough Guard / Fortech material stabilizes temperatures, ensuring beds never become too cold or too hot, unlike PVC beds.

BUILT TO LAST

OVER-INFLATION DAMAGE

Tough Guard / Fortech beds are 70% more resistant to damage caused by over-inflation.

ROLLER TESTING

In a continuous roll test of 300 lbs, Tough Guard / Fortech beds lasted 35% longer than standard PVC beds.

INTERNAL AIR LOSS

After extended use during simulation testing, Tough Guard / Fortech air mattresses retain 22% more internal air pressure than PVC beds.

TOUGHLITE™ TPU

RELIABLE MATERIAL PROVIDES SUPERIOR COMFORT & DURABILITY

ToughLite™ TPU material is 2.4x more puncture resistant and 150x more abrasion resistant than traditional PVC. This material is extra light, compact and easy to carry, weighing in over 40% lighter than a traditional air mattress. ToughLite TPU material is PVC-free, making it more durable, resulting in lower waste over time.

ALWAYZAIRE®

ADVANCED DUAL PUMP TECHNOLOGY

Bestway is excited to offer air mattresses with innovative AlwaysAire® technology. Consumers can rest easy knowing their beds will remain fully inflated throughout the night.

▶ NO AIR LOSS, STRETCHING OR OVERINFLATION

▶ COMFORT DIAL - CUSTOMIZABLE FIRMNESS

▶ INTUITIVE ONE-TOUCH CONTROLS

INTERNAL PSI GAUGE & MOTOR

Detects drops in internal pressure and will automatically start the silent re-inflation pump to restore the bed to its intended firmness.

QUICK & EASY DEFLATION

The auto-deflation function allows effortless deflation of the bed. The deflation pump will automatically shut off once the internal PSI reaches 0.

ALWAYZAIRE® DUAL PUMP

The dual pump system includes a pump to inflate and deflate the bed, internal sensors to detect air pressure and a silent pump that turns on to maintain the preferred comfort setting.

ALWAYZAIRE® COMFORT CHOICE+™ CUSTOMIZABLE COMFORT

The dual pump features a comfort dial, allowing the user to customize the firmness of their bed.

ALWAYZAIRE® REMOVABLE & RECHARGEABLE DUAL PUMP

One full battery charge fully inflates the bed and maintains pressure for up to 7 nights.

OUTDOOR AIR MATTRESSES

Bestway's outdoor air mattresses let you take the adventure outside without compromising on comfort. Whether you are camping or just want to enjoy a night under the stars in your own backyard, you will find an outdoor air mattress to fit your needs. Coil beam construction, sturdy vinyl and soft, velvet-like sleeping surfaces provide a comfortable night's sleep for your next adventure.

TRITECH[®]

AIR MATTRESSES

Tritech[®] beds are both exceptionally comfortable and dependable. With a polyester mesh core encased in two layers of laminated PVC, this material provides superior strength and durability. Air mattresses with the Tritech internal support system keep their shape no matter how many times they're inflated or deflated. Plus, air mattresses are stress-tested against the typical weight, strain and movement of a good night's sleep to guarantee longevity.

TOUGH GUARD™ FORTECH® AIR MATTRESSES

The innovative Tough Guard™ / Fortech® material gives air mattresses unparalleled strength, durability and comfort unlike anything else in the industry. With increased strength, these air mattresses are where comfort, convenience and durability meet. They are 75% more puncture resistant and 150x more resistant to scratches than the typical vinyl bed. Plus, this specialized material prevents over-inflation and internal air loss to give you the best night's sleep.

The background image shows a contemporary living space. On the left is a dark wood cabinet with a large, abstract painting above it. The wall is made of light-colored bricks. To the right, a tall, thin floor lamp with a copper-colored base and a matching drum shade stands on a dark rug. The overall lighting is warm and ambient.

A man with short dark hair and a light beard is sleeping peacefully on his side. He is wearing a grey t-shirt and is resting his head on a blue, U-shaped inflatable pillow. His hands are clasped together near his waist. He is lying on a dark blue, textured surface, possibly a tent floor or a sleeping pad. The background is slightly out of focus, showing more of the blue and orange fabric of the tent or sleeping area.

ACCESSORIES

Whether you're on-the-go or just at home, Bestway® has you covered with a wide range of accessories. From inflatable pillows to air pumps to repair patches, Bestway® designs all products with two main considerations —comfort and convenience.

AIR PUMPS

All Bestway® pumps are created with both durability and functionality in mind. The high-performance pumps are reliable, and most have both inflation and deflation functions. They are compact in size, making them easy to tote along, and include adaptor nozzles to fit nearly every inflation valve. Powered air pumps are fast and efficient using electricity to quickly inflate items of all sizes.
