- Quickly flip through and find any product
- Check out product details, photos and even videos

Bestway®

ANNIVERSARY
1994 — 2024

Three decades ago, Bestway created its very first product: a beach ball!

Since then, Bestway has produced over **1,100 products** in more than **120 countries** worldwide. In fact, 1 in 50 people around the world owns a Bestway product.

From our commitment to **innovation** and assuring the highest **quality** possible, to our vertically integrated manufacturing systems and **sustainability** efforts, every product Bestway creates centers on one goal: to help our customers get the most out of life by enjoying more adventure and making more memories.

Here's to the first 30 years, and to many, many more as we help people "**Live It Up!**"

OUR VISION & MISSION

Our Vision has remained the same since we created our very first product – a simple beach ball – in 1994: to create high-quality, innovative, recreational products that bring fun, relaxation and adventure to people's lives. Behind that vision is our mission to create memorable experiences for families who want to splash into summer, relax in winter and make the most of every moment year-round.

Now over 30 years later, **Bestway** has forged a global presence in more than 120 countries by developing over 1,100 products and becoming forward-thinkers about sustainable business practices.

SERVICE

Bestway is committed to customer satisfaction and providing you with the best product solutions. Our advanced online services and customer service team allow customers to easily resolve issues that arise with their products, offer downloadable manuals and instructional videos, answers to their frequently asked questions and call support.

WHAT'S NEW AT BESTWAY

In 2020, Bestway opened our doors to a **new, clean, state-of-the-art manufacturing facility in Vietnam** in an effort to diversify our production capabilities globally. With rapid plans for expansion, this new facility offers additional tariff-saving opportunities and flexibility in Bestway's global manufacturing efforts.

Our Vietnam facility currently manufactures air mattresses, air pumps, pool filter pumps, inflatable pools, pool covers and trampolines. These products go through extensive PVC, lab and lifecycle testing to ensure high-quality and longevity.

B THE CHANGE MISSION

Our Commitment to a Better Future

As a leader in innovations, Bestway is striving to **B the Change** in the industry. We manufacture our products in 1,383,000 square feet of factory buildings, each covered in solar panels to equal about 40 soccer fields. As an annual recipient of the "Top Performing Supplier on Climate Action" award, we continue to drive sustainable practices forward through three main categories: **renewable resources, waste and packaging.**

Ongoing Energy Reduction Projects to Reduce Emissions

Reuse 38 Categories of Materials

Dear Customer,

We are excited to present our Special Edition Catalog again for the 2025 season! This collection of items is not included in our standard catalogs, and it is only offered to selected partners.

All of these items are designed to offer you something extra, such as new price points, larger assortments of sizes and designs, and exclusive sets.

These products provide the following benefits:

- A broader, more innovative range
- A guaranteed return on investment for your advertising efforts
- The ability to set your own prices due to product differentiation
- An offering of alternative products at attractive prices

These items will be subject to special conditions. If you are interested in the items that you see here, please contact the Bestway team or your Sales Rep for more information.

We look forward to making this the best sales season yet!

The
Bestway
Team

AGP ACCESSORIES

SWIMFINITY™

58517

Main Features:

- Compatible with in-ground & above ground pools greater than 1.00 m (39.5") deep, 4.57 m (15') long & 2.44 m (8') in width
- Digital LED display indicates distance, time and calories burned and provides illumination at night
- 8 variable speeds - flow speeds range from 39 m/min. (128 ft./min.) to 78 m/min. (256 ft./min.)
- Adjustable depth and water flow angle
- Remote control with elastic band
- Easy to set up; simple to operate
- PRCD plug (current surge protector)
- Output Voltage: ± 12 V DC 35 A
- Input Power: 1000 W

Main Features:

- Soothing AirJet™ bubble massage system (140 jets)
- Ultra-strong Tritech® walls are stress tested to offer durability
- MaxHold™ fabric internal beams provide superior air pressure retention, stability and lightweight portability
- Freeze Shield® automatic heating prevents water from freezing & damaging the spa
- Program the spa heater up to 40 days in advance for future use
- ChemConnect® dispenser provides a stable level of chlorine throughout the spa
- Power-saving, timer-controlled heating system
- Digital control panel & spa pump with integrated filtration system includes cup holders and is accessible from inside the spa
- Reinforced cover with safety lock clips

Contents:

1 spa, 1 pool cover, 1 spa pump, 1 ChemConnect® dispenser, 1 filter cartridge (VI), 1 repair patch, AirJet™ system

TRITECH® WALL & TOP RING

The outer surface of this spa is constructed with premium Tritech® material, providing superior durability, stretch resistance and structural stability.

MAXHOLD™ BEAMS

MaxHold™ internal beams maintain their shape over time, enabling the spa to hold its intended pressure and sturdiness. Made from a durable fabric material rather than PVC, they set the standard for internal stretch-resistance in the spa market.

AIRJET™ MASSAGE SYSTEM

Soothe your body and relax your mind with the touch of a button! The Airjets work by releasing warm air into the water, surrounding you with a calming bubble massage.

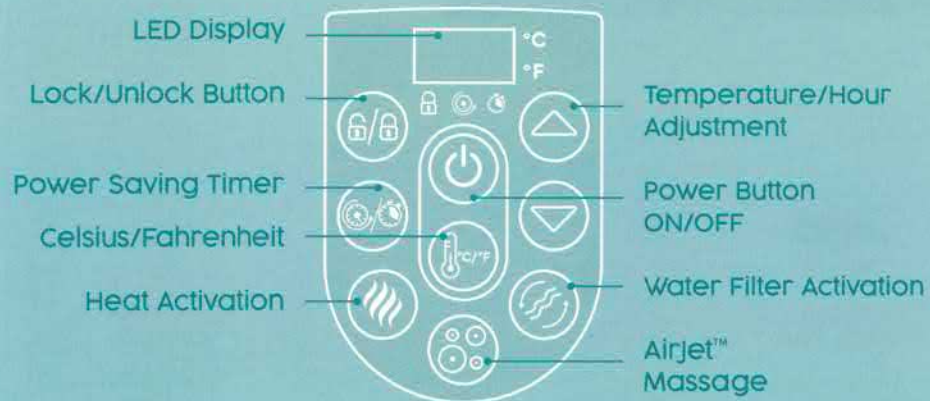

FREEZE SHIELD® TECHNOLOGY

These spas have built-in sensors so water temperature never falls below your comfort level. Freeze Shield automatically increases water circulation when temperatures are low to prevent inner parts from becoming damaged.

FORTIFIBER™ SERIES

LAY-Z-SPA.

DROP STITCH CONSTRUCTION

Inflated walls made from FortiFiber™ material provide unparalleled strength. Thousands of fine threads securely connect the sidewalls, which seal in air to create a rigid and sturdy hot tub. Not only great for durability, but this also makes the hot tub more spacious on the inside.

ICE BATHS

RESTORE, REJUVENATE, RECHARGE

Dip your toes into the world of cold plunging. Invigorate your senses, relax your mind and refresh your body in the icy water.

TRITECH®

The outer surface is constructed with premium Tritech® material, providing superior durability, stretch resistance and structural stability.

CLICKCONNECT™ JOINTS

Corrosion-resistant frame connectors are easy to set up and protect the frame from damage.

FORTIFIBER™

The FortiFiber™ walls are constructed using thousands of fine threads to securely connect the internal walls, seal in air, and provide lightweight rigidity.

POLAR-SHIELD™

Polar-Shield™ weather defense prevents liner from freezing or cracking in cold temperatures.

TECHNOLOGY

FORTIFIBER™ DROP STITCH CONSTRUCTION

Internal threads create exceptional rigidity and strength for a balanced, stable ride

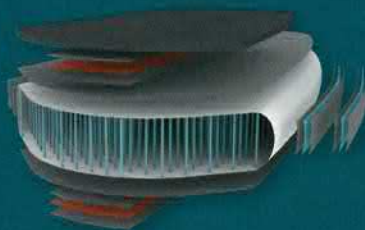

FORTIFIBER™ AIRE DROP STITCH CONSTRUCTION

Featuring a more lightweight build than traditional FortiFiber, internal threads create exceptional rigidity and strength for a balanced, stable ride

FORTIFIBER™ DROP STITCH CONSTRUCTION WITH TRITECH® STRINGER

Internal threads create exceptional rigidity and strength for a balanced, stable ride; Trittech® triple-layer stringer for added structure and shape

BENEFITS

Bestway's inflatable SUP line offers all the advantages that come along with hard boards, plus these added benefits:

- **Easy to transport in a car or on a plane** — a true money saver, as there is no need to purchase a roof rack or pay expensive shipping costs
- **A great choice for beginners** — the thicker material is generally more stable than a hard board
- **Sold as a package deal** — everything that's needed is included in one lightweight, grab-and-go carrier
- **Tough and springy** — the flexible material is more resilient than a hard board

Ease and portability make an inflatable SUP the ultimate board, especially for beginners. Some models even come with a convenient kit to convert the paddleboard into a kayak, giving the user two options every time they cruise the open water. With a Hydro Force SUP, anyone can have a summer of adventures.

ENHANCED MATERIALS

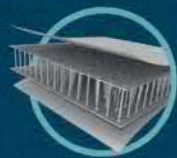

INFLATA-SHIELD™ INFLATA-SHIELD PRO™

- ENHANCES PUNCTURE-RESISTANCE
- INCREASES TENSILE STRETCH-RESISTANCE FOR RIGIDITY AND SPEED WHEN PADDLING
- IMPROVES PRESSURE RETENTION, MAXIMIZING STABILITY AND MINIMIZING AIR LOSS

TRITECH® 3-PLY CONSTRUCTION

- ENGINEERED FOR DURABILITY WITH ENHANCED ABRASION RESISTANCE AND IS MORE PUNCTURE-RESISTANT (THAN A STANDARD PVC KAYAK/RAFT/BOAT)

FORTIFIBER™ + FORTIFIBER™ AIRE DROP STITCH CONSTRUCTION

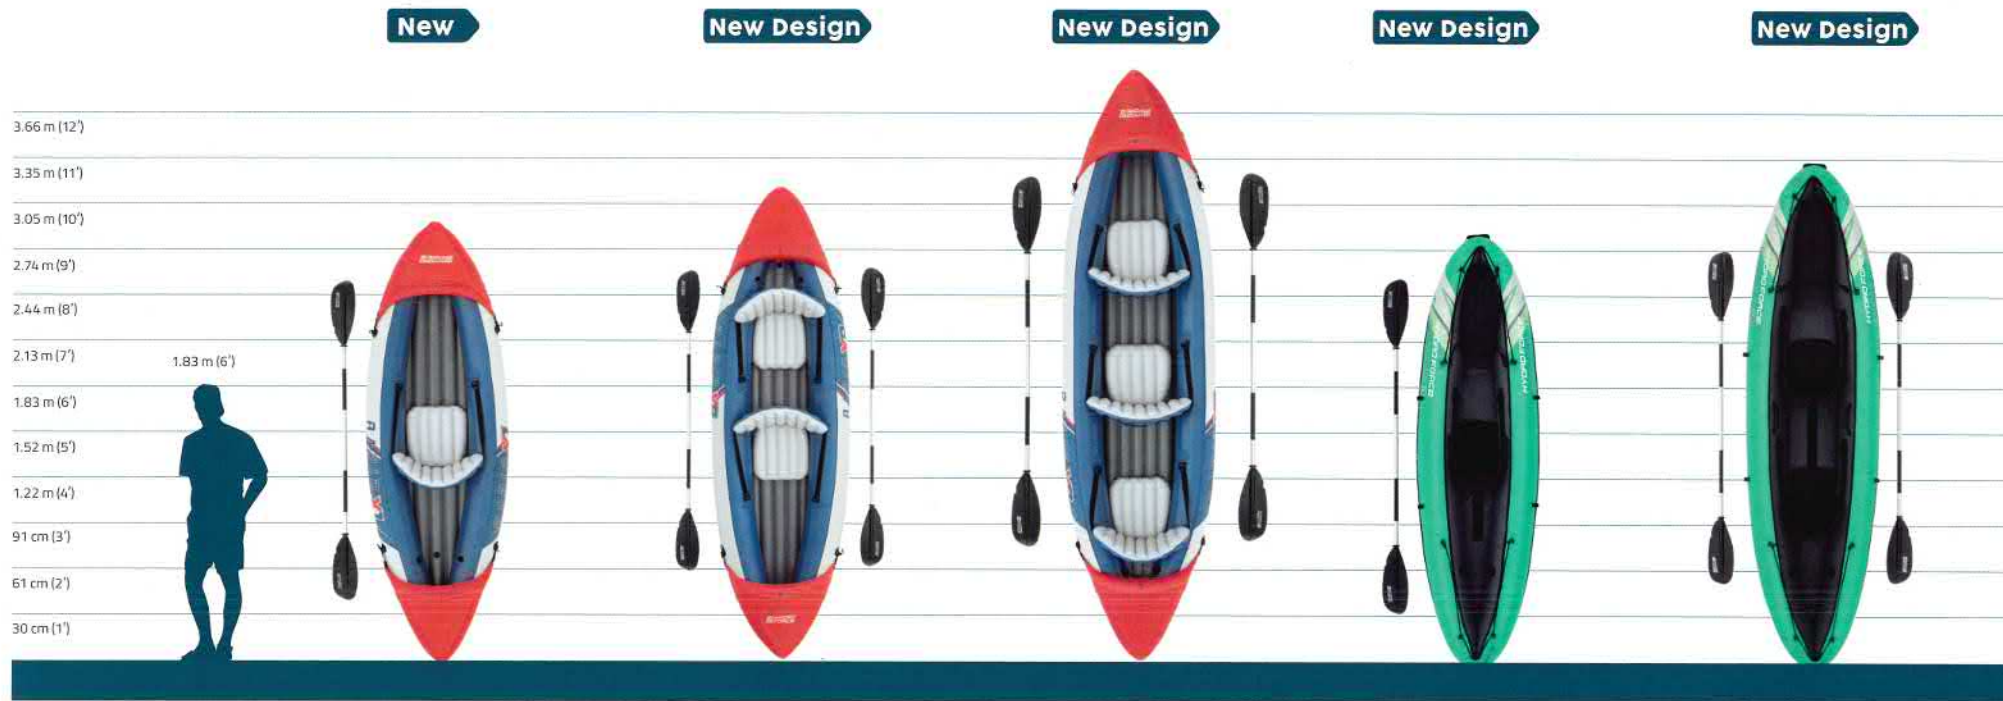

- COMPOSED OF THOUSANDS OF DROP STITCH THREADS CREATING A DURABLE, RIGID STRUCTURE THAT IS ALSO LIGHTWEIGHT AND PORTABLE

PREMIUM 100% NYLON COVER

- HAS GREATER PRESSURE RETENTION AND RIGIDITY WITH INCREASED PUNCTURE-RESISTANCE AND DURABILITY AGAINST THE ELEMENTS (THAN A STANDARD PVC KAYAK/RAFT/BOAT)
