Our Vision

We create fun, lasting experiences to everyone in the world through the products and services we provide.

Our Mission Happiness

Happy Consumers

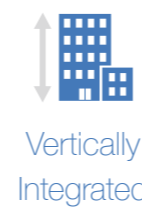

Through our creative & professional staff, innovative & superior products and sustainable, effective manufacturing processes, we create fun, memorable experiences for our customers.

Happy Employees

We create an environment in which employees are able to develop their talents and pursue their professional passions.

Happy World

To limit impact on the environment at every stage of our production process, while investing resources in exploring alternative energy solutions.

BESTWAY[®]

.....

Whether on the go or at home, Bestway's airbeds provide a refreshing night's sleep.

Here at Bestway, we have your customer's comfort in mind. With many options to choose from, there is a bed for every body's design. Not only are our beds easy to use, they provide you with an amazing night's sleep. And because many of the beds can be used both indoors as well as outdoors, they sell well throughout the year!

FORTECH™

Bestway's Fortech™ airbeds represent the future of inflatable bed technology. The innovative material provides high levels of strength, durability and comfort unparalleled in the industry.

STRONG MATERIAL

STRETCH RESISTANT

Properties of the Fortech™ material make the airbeds more resistant to stretching caused by regular inflation and repeated use by consumers.

PUNCTURE RESISTANT

Fortech™ material is 75% more puncture resistant and 150 times more impervious to scratches.

INCREASED IGNITION RESISTANCE

Fortech™ material is 20% more fire retardant.

BUILT TO LAST

OVER-INFLATION DAMAGE

Fortech™ beds are 70% more resistant to damage caused by over inflation.

ROLLER TESTING

When tested with continuous rolling 300 lbs., Fortech™ beds lasted 35% longer than standard PVC beds.

INTERNAL AIR LOSS

After extended use during simulation testing, Fortech™ airbeds retain 22% more internal air pressure than PVC beds.

COMFORTABLE & CONVENIENT

LIGHT WEIGHT MATERIAL

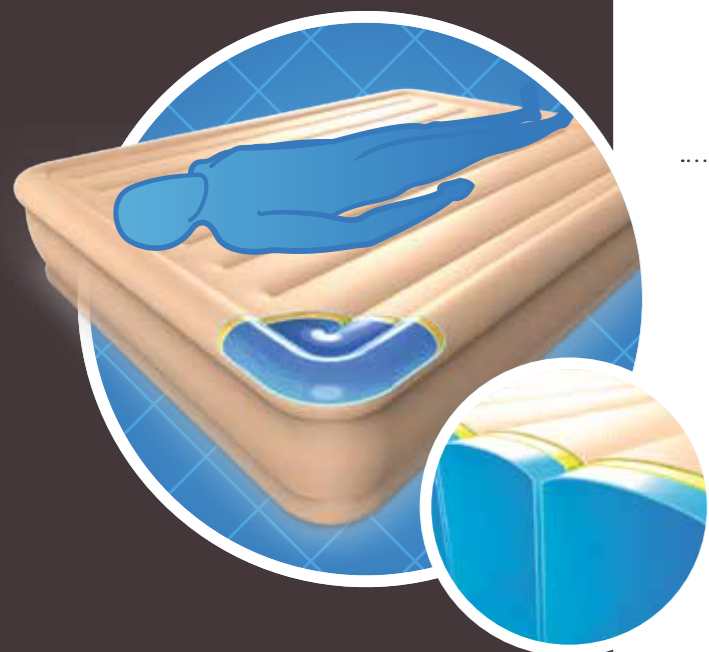

Fortech™ beds are up to 15% lighter in weight compared to PVC beds of the same size.

SOFT MATERIAL

The Fortech™ material provides a soft and comfortable sleeping surface comparable to that of flocked PVC.

TEMPERATURE REGULATION

The features of the Fortech™ material ensure that beds do not become too cold or too hot when temperatures fluctuate from hot to cold, as commonly found with PVC beds.

The fusion of high density polyester fabric and durable PVC creates a material that is stronger, yet still lightweight.

INTERNAL PSI GAUGE & MOTOR

Can detect drops in internal pressure and will automatically start the silent re-inflation pump to get the bed back to its intended firmness setting.

3 COMFORT SETTINGS

— 1 Soft, 2 Medium and 3 Firm —
A dual pump system with a patented computerized PSI sensor allows consumers to automatically inflate the bed to 3 different preset PSI settings.

QUICK & EASY DEFLATION

The auto deflation function will allow the bed to deflate without any user hassle. The deflation pump will automatically shut off once the internal PSI reaches 0.

DISCOVER

ALWAYSZAIRE™

TECHNOLOGY

Bestway® is glad to introduce the new ALWAYSZAIRE™ Technology, the latest engineering innovation and patented technology in portable sleep solutions.

Rest easy knowing your airbed with ALWAYSZAIRE™ Technology will be fully inflated throughout the night. The dual pump system includes a pump to inflate and deflate the bed, internal sensors to detect air pressure & a silent pump that turns on to maintain the preferred comfort setting.

INDOOR AIRBED

Bestway is committed to making innovative, quality products for all walks of life. That commitment means that our indoor airbeds are constructed with super soft flocked sleeping surfaces for a great night's rest. Plus, they are easy to inflate and deflate! Not only are they great for when guests are in town, they work wonderfully for the spare room, game room, or anywhere in the house you need extra sleeping space. And you can rest easy knowing you won't compromise on quality with a Bestway airbed.

DISCOVER COMFORT

Coil Beam Construction
Our Coil Beam Construction provides an even distribution of surface area across the user's back, delivering comfort and stability.

Y-Beam Construction
Our sturdy Y-beam Construction maintains the shape of an I-Beam with a more supportive surface design.

I-Beam Construction
Our sturdy I-Beam Construction is designed to offer superior structural stability while also maintaining a soft comfortable surface for a luxurious sleeping experience.

Built-in Pump
Bestway's Built-in Pump is a high speed automatic inflation and deflation pump which can inflate and deflate a Bestway airbed in minutes with minimal effort.

Foam Top
Bestway's Memory Foam Top molds to the body in response to heat and pressure, evenly distributing body weight. It then returns to its original shape once you remove the pressure.

INDOOR AIRBED

When people buy indoor airbeds, we want the comfort and luxury of all our beds to be visible, starting from the packaging. Therefore, for 2018 we went back to square one and redesigned a new look that showcases not only the product and its quality, but also the features and comfort of the item. Consumers will now truly be able to see what Bestway indoor airbeds have to offer, making their purchasing choice an easy one!

OUTDOOR AIRBED

Bestway's Outdoor Airbeds let you take the adventure outside without compromising on comfort. Whether you are camping or just want to enjoy a night out under the stars in your own backyard, you will find an outdoor airbed to fit your needs. Coil beam construction, sturdy vinyl, and soft flocked sleeping surfaces provide a comfortable night's sleep for your overnight guest or for your next camping trip.

DISCOVER NATURE

Coil Beam Construction
Our Coil Beam construction provides an even distribution of surface area across the user's back, delivering comfort and stability.

AC and Battery Air Pumps
Both of our AC and 4D Battery Air Pumps provide an easy solution to best suit your needs, indoor or outdoor!

Built-in 4D Battery Air Pump
Our 4D Battery Air Pump takes the convenience of a built-in pump to the outdoors by utilizing the newest in battery operated built-in pumps.

Built-in Foot Pump
Our Built-In Foot Pump is a convenient way to inflate an airbed with little effort by simply using one's foot.

OUTDOOR AIRBED

The new packaging for airbeds and outdoor products is now under our PAVILLO™ camping brand. We wanted to push the outdoor feeling and truly have consumers be able to picture themselves using our products when looking at our packaging. With all new lifestyle and product photos, in addition to calling out the main features, consumers know what's in store for them!

DYNAMIC AIR FURNITURE

Bestway's air furniture line brings comfort straight to the home or out on the road with our inflatable chairs, loungers and couches. Whether it's a Multi-Max Air Couch that can be converted into a bed for overnight guests or a Chaise Sport Lounger for the game room, Bestway has the air furniture market covered. Our air furniture showcases amazing features such as unique colors, adjustable positions, cup holders and soft, comfortable surfaces. Plus, the products work well both indoors and outdoors. Bestway's air furniture line is designed with diversity, style and comfort in mind.

DISCOVER SIMPLICITY

Coil Beam Construction
Our Coil Beam construction provides an even distribution of surface area across the user's back, delivering comfort and stability.

Sturdy Coil Beam Construction
Bestway's Sturdy Coil Beam Construction is a reinforced coil beam design, adding more stability to the airbed and to the air furniture.

Y-Beam Construction
Our Sturdy Y-beam Construction maintains the shape of an I-Beam with a more supportive surface design.

I-Beam Construction
Our sturdy I-Beam construction is designed to offer superior structural stability while also maintaining a soft comfortable surface for a luxurious sleeping experience.

DYNAMIC AIR FURNITURE

Like our indoor airbeds, all air furniture is now following the same design that speaks to comfort and luxury! With the variety of furniture that Bestway offers, we wanted to be sure that consumers know that with our packaging we're calling out the dependability that is offered with all our items.
