BESTWAY WORLD

THE NEW WEBSITE

Bestwaycorp.com is debuting a new and improved look. Keeping it fresh and modern, our new website uses large visuals and graphics to help tell the story of each brand. Now it's easier than ever to learn about our different products and technologies!

THE NEW CATALOG APP

Easily access all of our Bestway® catalogs while on the go with our brand new app. Download to see the conveniently portable, digital versions of our catalogs!

MAKING BESTWAY® MEMORIES

Whether on the go or at home, Bestway's airbeds provide a refreshing night's sleep.

Here at Bestway, we have your customer's comfort in mind. With many options to choose from, there is a bed for every body's design. Not only are our beds easy to use, they provide you with an amazing night's sleep. And because many of the beds can be used both indoors as well as outdoors, they sell well throughout the year!

TRITECH™

Bestway's ultra sturdy Trittech™ is a 3-ply reinforced material. With a polyester mesh core encased in two layers of laminated PVC, this material offers superior strength and durability. By constructing the internal structure with Trittech, it ensures that the airbeds will keep their shape no matter how many times they have been inflated or deflated. Plus, the airbeds have been stress tested against the weight, strain and movement of a good night's sleep.

TOUGH GUARD™ FORTECH™

Bestway's Fortech™ airbeds represent the future of inflatable bed technology. The innovative material provides high levels of strength, durability and comfort unparalleled in the industry.

10% LIGHTER

75% MORE PUNCTURE RESISTANT

150X ABRASION RESISTANT*

DISCLAIMER: COMPARED TO AN EQUIVALENT SIZE VINYL BED

STRONG MATERIAL

- **PUNCTURE RESISTANT**
Fortech material is 75% more puncture resistant and 150 times more impervious to scratches.
- **INCREASED IGNITION RESISTANCE**
Fortech material is 20% more fire retardant.
- **STRETCH RESISTANT**
Properties of the Fortech material make the airbeds more resistant to stretching caused by regular inflation and repeated use by consumers.

COMFORTABLE & CONVENIENT

- **LIGHTWEIGHT MATERIAL**
Fortech beds are up to 15% lighter in weight compared to PVC beds of the same size.
- **SOFT MATERIAL**
The Fortech material provides a soft and comfortable sleeping surface comparable to that of flocked PVC.
- **TEMPERATURE REGULATION**
The features of the Fortech material ensure that beds do not become too cold or too hot when temperatures fluctuate from hot to cold, as commonly found with PVC beds.

BUILT TO LAST

- **OVER-INFLATION DAMAGE**
Fortech beds are 70% more resistant to damage caused by over inflation.
- **ROLLER TESTING**
When tested with continuous rolling of 300 lbs, Fortech beds lasted 35% longer than standard PVC beds.
- **INTERNAL AIR LOSS**
After extended use during simulation testing, Fortech airbeds retain 22% more internal air pressure than PVC beds.

BAG PUMP

STORAGE BAG FUNCTIONS AS PUMP

Compress the air bag for hassle-free inflation – It takes just 5 - 7 compressions to fully inflate the airbed. No pump required!

AIRBED TECH

Bestway's R&D department has invested time, money and dedication to pinpoint how to make a comfortable and durable airbed. We've worked hard to innovate with new technologies, new materials and provide better information for consumers.

Each year we're determined to add something new to our airbeds. And this year is no different. We're pleased to introduce the future of portable sleep solutions.

ALWAYZAIRE™ TECHNOLOGY

Bestway is excited to introduce AlwaysAire™ technology, the latest engineering innovation and patented technology in portable sleep solutions. Rest easy knowing your airbed with AlwaysAire technology will be fully inflated throughout the night.

ADVANCED DUAL PUMP TECHNOLOGY

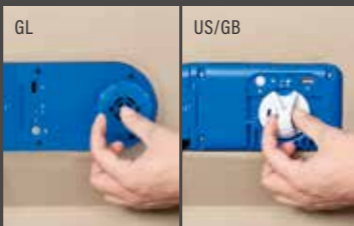

- ▶ NO AIR LOSS, STRETCHING OR OVERINFLATION
- ▶ 3 COMFORT SETTINGS - SOFT, MEDIUM AND FIRM
- ▶ INTUITIVE ONE-TOUCH CONTROLS

Internal PSI Gauge & Motor
Can detect drops in internal pressure and will automatically start the silent re-inflation pump to get the bed back to its intended firmness setting.

Quick & Easy Deflation
The auto deflation function will allow the bed to deflate without any user hassle. The deflation pump will automatically shut off once the internal PSI reaches 0.

AlwaysAire™ — 3 COMFORT SETTINGS
A dual pump system with a patented computerized PSI sensor allows consumers to automatically inflate the bed to 3 different preset PSI settings.

AlwaysAire™
The dual pump system includes a pump to inflate and deflate the bed, internal sensors to detect air pressure & a silent pump that turns on to maintain the preferred comfort setting.

SLEEP CONTROL - APP

ADJUSTABLE COMFORT. HASSLE FREE.

With the wifi-activated Bestway Smart Hub app, control is right in the palm of your hand. This brand new innovation makes our airbeds some of the most convenient on the market. Compatible with smart devices, the Sleep Control section of the app lets users control the inflation, deflation and firmness of their airbed, along with turning the pump off completely - all with the touch of a button!

Global

INDOOR

Bestway is committed to making innovative, quality products for all walks of life. That commitment means that our indoor airbeds are constructed with super soft flocked sleeping surfaces for a great night's rest. Plus, they are easy to inflate and deflate! Not only are they great for when guests are in town, they work wonderfully for the spare room, game room, or anywhere in the house you need extra sleeping space.

INDOOR AIRBED MATRIX

TRITECH™

Tritech™ airbeds offer both exceptional comfort and dependability. With a polyester mesh core encased in two layers of laminated PVC, this material provides superior strength and durability. By constructing the internal structure with Tritech, it ensures that the airbeds will keep their shape no matter how many times they have been inflated or deflated. These airbeds are strong, yet incredibly lightweight, making them perfect for on-the-go use.

TRITECH™ AIRBED

BUILT-IN AC PUMP

- Bed Height with pillow: 12 in. / 30 cm
- Bed Height without pillow: 8.5in. / 22 cm
- Inflates in 2 minutes for 67556, 67557/E
- Inflates in 2-3 minutes for 67462, 67463/E, 67464, 67465/E

- Tritech™ internal beams are polyester mesh encased in durable PVC which creates a durable airbed
- Comfortable flocced sleeping surface
- Built-in pillow
- Full color box

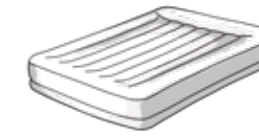

TRITECH™ AIRBED

TOUGH GUARD™ FORTECH™

The innovative Tough Guard/Fortech material provides high levels of strength, durability and comfort unparalleled in the industry. With increased strength, these airbeds are where comfort, convenience and durability meet. They are 75% more puncture resistant and 150x more resistant to scratches than the typical vinyl bed. Plus, this specialized material prevents over-inflation and internal air loss to give you the best night's sleep.
