# MAKING BESTWAY® MEMORIES

Whether on the go or at home, Bestway's airbeds provide a refreshing night's sleep.

Here at Bestway, we have your customer's comfort in mind. With many options to choose from, there is a bed for every body's design. Not only are our beds easy to use, they provide you with an amazing night's sleep. And because many of the beds can be used both indoors as well as outdoors, they sell well throughout the year!

AIR Furniture	78-97
AIR Accessories	98-105
INDEX	106-107

# TECH

Bestway's R&D department has invested time, money and dedication to pinpoint how to make a comfortable and durable airbed. We've worked hard to innovate with new technologies, new materials and provide better information for consumers.

Each year we're determined to add something new to our airbeds. And this year is no different. We're pleased to introduce the future of portable sleep solutions.

## STRUCTURE

### TRITECH™

Bestway's ultra sturdy Tritech™ is a 3-ply reinforced material. With a polyester mesh core encased in two layers of laminated PVC, this material offers superior strength and durability. By constructing the internal structure with Tritech, it ensures that the airbeds will keep their shape no matter how many times they have been inflated or deflated. Plus, the airbeds have been stress tested against the weight, strain and movement of a good night's sleep.

### TOUGH GUARD™ FORTECH™

Bestway's Fortech™ airbeds represent the future of inflatable bed technology. The innovative material provides high levels of strength, durability and comfort unparalleled in the industry.

**10% LIGHTER**

\*DISCLAIMER: COMPARED TO AN EQUIVALENT SIZE VINYL BED

**75% MORE PUNCTURE RESISTANT**

**150X ABRASION RESISTANT**

#### STRONG MATERIAL

- **PUNCTURE RESISTANT**  
Fortech material is 75% more puncture resistant and 150 times more impervious to scratches.
- **INCREASED IGNITION RESISTANCE**  
Fortech material is 20% more fire retardant.
- **STRETCH RESISTANT**  
Properties of the Fortech material make the airbeds more resistant to stretching caused by regular inflation and repeated use by consumers.

#### COMFORTABLE & CONVENIENT

- **LIGHTWEIGHT MATERIAL**  
Fortech beds are up to 15% lighter in weight compared to PVC beds of the same size.
- **SOFT MATERIAL**  
The Fortech material provides a soft and comfortable sleeping surface comparable to that of flocked PVC.
- **TEMPERATURE REGULATION**  
The features of the Fortech material ensure that beds do not become too cold or too hot when temperatures fluctuate from hot to cold, as commonly found with PVC beds.

#### BUILT TO LAST

- **OVER-INFLATION DAMAGE**  
Fortech beds are 70% more resistant to damage caused by over inflation.
- **ROLLER TESTING**  
When tested with continuous rolling of 300 lbs, Fortech beds lasted 35% longer than standard PVC beds.
- **INTERNAL AIR LOSS**  
After extended use during simulation testing, Fortech airbeds retain 22% more internal air pressure than PVC beds.

## PHONE CONNECTION

### SLEEP CONTROL™ - APP ADJUSTABLE COMFORT. HASSLE FREE.

With the wifi-activated Bestway Smart Hub™ app, control is right in the palm of your hand. This brand new innovation makes our airbeds some of the most convenient on the market. Compatible with smart devices, the Sleep Control section of the app lets users control the inflation, deflation and firmness of their airbed, along with turning the pump off completely – all with the touch of a button!

WIFI CONNECTION

1-CLICK  
COMFORT SETTINGS

ON/OFF BUTTON

# INFLATION

## BAG PUMP

### STORAGE BAG FUNCTIONS AS PUMP

Compress the air bag for hassle-free inflation – it takes just 5 - 7 compressions to fully inflate the airbed. No pump required!

CONNECT

COLLECT

COMPRESS

RELAX & ENJOY

## ALWAYZAIRE™ TECHNOLOGY

Bestway is excited to introduce AlwaysAire™ technology, the latest engineering innovation and patented technology in portable sleep solutions. Rest easy knowing your airbed with AlwaysAire technology will be fully inflated throughout the night.

### ADVANCED DUAL PUMP TECHNOLOGY

- ▶ NO AIR LOSS, STRETCHING OR OVERINFLATION
- ▶ 3 COMFORT SETTINGS - SOFT, MEDIUM, & FIRM
- ▶ INTUITIVE ONE-TOUCH CONTROLS

#### Internal PSI Gauge & Motor

Can detect drops in internal pressure and will automatically start the silent re-inflation pump to get the bed back to its intended firmness setting.

#### Quick & Easy Deflation

The auto deflation function will allow the bed to deflate without any user hassle. The deflation pump will automatically shut off once the internal PSI reaches 0.

A)

**ALWAYZAIRE™**  
The dual pump system includes a pump to inflate and deflate the bed, internal sensors to detect air pressure & a silent pump that turns on to maintain the preferred comfort setting.

B)

**ALWAYZAIRE™ — 3 COMFORT SETTINGS**  
A dual pump system with a patented computerized PSI sensor allows consumers to automatically inflate the bed to 3 different preset PSI settings.

C)

**ALWAYZAIRE™ — Removable & Rechargeable Dual Pump**  
One full battery charge fully inflates the bed and maintains pressure for up to 7 nights.

# INDOOR

Bestway is committed to making innovative, quality products for all walks of life. That commitment means that our indoor airbeds are constructed with super soft flocced sleeping surfaces for a great night's rest. Plus, they are easy to inflate and deflate! Not only are they great for when guests are in town, they work wonderfully for the spare room, game room, or anywhere in the house you need extra sleeping space.

COMFORT DOESN'T HAVE TO BE  
TRADED FOR CONVENIENCE.

# TRITECH™

Tritech™ airbeds offer both exceptional comfort and dependability. With a polyester mesh core encased in two layers of laminated PVC, this material provides superior strength and durability. By constructing the internal structure with Tritech, it ensures that the airbeds will keep their shape no matter how many times they have been inflated or deflated. These airbeds are strong, yet incredibly lightweight, making them perfect for on-the-go use.

# TOUGH GUARD™ FORTECH™

The innovative Tough Guard/Fortech material provides high levels of strength, durability and comfort unparalleled in the industry. With increased strength, these airbeds are where comfort, convenience and durability meet. They are 75% more puncture resistant and 150x more resistant to scratches than the typical vinyl bed. Plus, this specialized material prevents over-inflation and internal air loss to give you the best night's sleep.

SLEEPING OUTSIDE  
JUST GOT EASIER.

# OUTDOOR

Bestway's outdoor airbeds let you take the adventure outside without compromising on comfort. Whether you are camping or just want to enjoy a night under the stars in your own backyard, you will find an outdoor airbed to fit your needs. Coil beam construction, sturdy vinyl and soft flocked sleeping surfaces provide a comfortable night's sleep for your next adventure.

## ALWAYZAIRE™ TOUGH GUARD™ RECHARGEABLE DUAL PUMP

NEW

ALWAYZAIRE™  
TECHNOLOGY

REMOVABLE AND RECHARGEABLE DUAL PUMP

One full battery charge fully inflates the bed and maintains pressure for up to 7 nights.

- Bed Height with pillow: 14 in. / 36 cm
- Bed Height without pillow: 13 in. / 33 cm
- Inflates in 3 minutes
- Built-In AlwaysAire™ Rechargeable Dual Action Pump
- Tough Guard™ is the fusion of dense polyester fabric and durable PVC, which provides high levels of strength, durability and comfort
- Remove pump for instant deflation
- Internal sensors silently reinflate the bed to maintain the intended air pressure throughout the night
- 1 Battery Charge = 1 Full Inflation, 7 Nights of Continuous Power
- Charge at home or on the go
- Soft light provides convenience in darkened room
- Built-in pillow
- Sturdy I-beam construction
- Interlocking quick release valve
- Full color box
